

## GOVERN GLADES IN NEW LAW BY SMALLER BOARD

Commissioners of Drainage District Approve Bill Making Changes

MEASURE IS DRAFTED BY BOARD'S ATTORNEY

World Let Governor Appoint Two Members From Anywhere In State

TALLAHASSEE, March 30.—The Florida legislature, soon to open its 1931 session, here will be asked to reorganize completely the Everglades drainage district.

The drainage district's flood control district, which has been in existence since 1914, will not be affected.

Governor Doyle E. Carlton, members of his cabinet and several members of the Everglades drainage district board of commissioners here Monday and approved the proposed reorganization bill. Length of the measure, details involved and much discussion caused the meeting to last all day.

The entire makeup and operation of the drainage district would be changed under the provisions agreed upon here Monday. The boundaries of the district would be reset. Subdrainage districts would be allowed to end their existence although the Everglades drainage district would not.

The entire debris of these subdrainage districts.

The drainage district would be reorganized into four subdrainage districts. The boundaries of the district would be reset. Subdrainage districts would be allowed to end their existence although the Everglades drainage district would not.

## CANAL LOWERED TO DRAIN LOW LANDS

Employees of the drainage district came Saturday from the West Palm Beach headquarters and put flashboards in the spill-way at Canal Point. Putting in the boards cut off a portion of the water from the lake. The canal was then at elevation 14.4 feet. Cutting off 1.4 feet of water let the canal drop to 14.0 feet, while some discharge from the lake continues. Drop in the level of the canal was said to have been in the application of owners of land in Palm Beach County where land is being farmed that is liable to overflow. With the canal at the 14.0 level, the water will run by gravity from the lake bottom farm land.

## SOON WILL HAVE ROAD COMPLETED

Construction Forces Take Up Clewiston End of State Highway No. 25

The three-mile stretch of unfinished road between Clewiston and Goodno on the Palm Beach-Southwest highway is now being worked on by the state highway department. The road will be hard-surfaced from Clewiston to the state highway line. The road will be hard-surfaced from Clewiston to the state highway line.

## REPORT MOVE TO KILL PLAN OF FLOOD CONTROL

Representative Lewis Learns of Proposal To Abolish Taxing District

ALARMS RESIDENTS OF LAKE REGION

Seems To Jibe With Refusal To Press Collection of Necessary Taxes

Alarm was excited throughout the Lake Okechobee region by publication Saturday in the Palm Beach Times of an article that reported a movement under way to abolish Okechobee flood control district, the district that was formed to secure co-operation of the government in works for preservation of the lives of the people of this region.

Stating of the move to abolish the district is not known and the apprehension still exists.

A fear that the district is being dissolved is being spread by the fact that the district officials have refused to issue the tax bills for the district. The district officials have refused to issue the tax bills for the district.

## ANTI-SALES TAX MEETING TO BE HELD NEXT FRIDAY

Rather than elect a controversial issue into the Fair, proposed anti-sales tax meeting which was scheduled for Thursday night at Belle Glade was moved to Friday night of next week.

The anti-sales tax meeting will be held at the Legion hall in Belle Glade Friday evening, April 10. E. D. Anthony, of West Palm Beach and Howard Shum of Canal Point will be the speakers. Dr. W. J. Berg, probably will preside.

## PAHOKEE

Mrs. W. H. Medlin and two children of West Palm Beach are spending several days with her mother, Mrs. Wm. Byrd.

George Dunham of Melbourne spent Sunday with his daughter, Mrs. Arch Bowers, and family.

Mrs. Margaret York was out from West Palm Beach Sunday.

Mrs. Wm. Byrd is stonoring her home house and building a porch this week.

The Pahokee ladies' quartet will give special Easter music at the Methodist church Sunday morning.

Dr. Taylor, mild evangelist, conducted the morning and evening services at the Methodist church Sunday.

Rev. J. A. Telle and wife and baby Betty Joe left for Tampa Monday, where he will assist his father with a revival.

The Pahokee Singers will give special Easter music Sunday evening at the Methodist church Sunday.

Mr. and Mrs. J. P. Cochran of West Palm Beach were out Thursday to attend the Pahokee drainage district meeting.

E. G. Kilpatrick, Jr., returned home Sunday after spending several weeks in the hospital in West Palm Beach.

H. J. Chapman, president of the Okaloosa Corporation, was out from West Palm Beach Thursday and attended a drainage meeting here.

Miss Elizabeth Caraway of West Palm Beach spent the week with her sister, Mrs. W. A. Howell, and family.

Mr. and Mrs. A. E. Shuffield, Mr. and Mrs. C. O. Hatcher and son E. J. Joe Kahn, and Mrs. and Mrs. Leo Rawles enjoyed a picnic at Fish-eating creek Sunday.

The Baptist Missionary Society met at the home of Mrs. Rodgers Tuesday afternoon.

Mr. and Mrs. Elvin Bass entertained the members of the Fellowship Club Thursday evening at the Woman's Club building.

The room was decorated with beautiful flowers. Five tables were in play. Mrs. C. Berry held high score for ladies, receiving beautiful hand-painted creamer.

H. T. Williams held high score for the men, receiving a novelty cigar of 50 cents.

An Easter music was carried out in the refreshments of sandwiches, cake and coffee served at the banquet table. Varied colored Easter eggs with names were used as place cards. Those present were Miss Myrtle Armstrong, Miss Lorraine Elliott, Mrs. Mary Higgins, Mrs. Lucille Williams, Mrs. Carrie Clark, Mrs. W. A. Bailey, Mr. and Mrs. J. C. Berry, E. L. Pope, Bob Douthett, H. T. Williams, T. A. Whidden, Clyde Doolittle.

Mrs. J. Q. Henry and children spent the week end in West Palm Beach.

Mrs. and Mrs. J. C. Berry and Clyde Doolittle made a business trip to West Palm Beach Tuesday.

J. Q. Henry made a business trip to Georgia this week.

Charley Bartfield spent the week end in West Palm Beach.

George C. McFarley spent Sunday in West Palm Beach.

Mrs. Elizabeth Howell, county school nurse, visited the school here this week.

Dr. Sims of Miami will begin a revival meeting at the Baptist church Sunday night, to last two weeks.

Mrs. Lucille Williams and daughter Janita, were dinner guests of Mr. and Mrs. J. C. Berry Monday night.

Mrs. L. W. Hubbard is out again after suffering the past week with a cold.

Miss Ruth Simmons and Lewis Crosby celebrated their birthdays on the home of Mr. and Mrs. Crosby Thursday evening. Many guests and interesting contests were enjoyed. The husbands received many beautiful gifts. Refreshments of punch and cake were served to the guests.

Miss Gertie Simmons and Miss Ingeborg Sanders and Louis Conroy, Miss Allie

## Hints for Homemakers

By Jane Rogers

A teaspoon of sugar added when frying tomatoes brings both heat and flavor. In cooking eggs, a small amount of salt is just the thing to do.

If late in starting the roast for dinner, heat it under the broiler while waiting for the oven to heat. By the time the meat is done, the oven will be hot enough to continue cooking.

## TURTLES, FROGS GO FROM OKEECHOBEE

(Okeechobee News.)

Two thousand pounds of frog legs were shipped from Okeechobee last week. In one shipment the Okeechobee Fisheries sent out 2,000 pounds of dressed turtles. And the prices were good while the price of frog legs has increased slightly and the demand cannot be filled.

For instance Bill Hendry has a contract for 400 dozen frog legs, or about 1,600 pounds, and the nearest he has gotten to is only 135 dozen in any one day. The prices are now bringing 17½ cents a pound and the boys are bringing.

There is no closed season against the catching of frogs and turtles, and it is said the demand is unlimited. It's a real business. Now if someone can find a way to demand for mosquitoes and potatoes the country will soon be back to boom-time prosperity.

The amount of frogs shipped from other lake shore communities is unknown, but no doubt the shipments have been heavy. Perhaps four tons of frogs went out from all points on the lake last week, bringing back over \$5,000 in good cold cash.

Mr. Bill Hendry is establishing a branch wholesale frog buying establishment at Ft. Pierce, Fla. He will go there and look after it while his family looks after the business here. This beats the spring game business.

Whatever else may happen in the way of frogs and rain to damage crops and business, it can do no damage to the frog and turtle business.

## FROM MOTHS OF BABES

Having been corrected frequently for such expressions as "the don't," "it ain't," and the like, I am now proud of myself in not using such words. I will, however, use them when I feel like it. I will, however, use them when I feel like it.

## THE EVERGLADES NEWS, CANAL POINT, FLORIDA

spoon out of your cup. Don't you know that's not good grammar?" — Mrs. C. S. S. Memphis, Tenn.

Little Betty was saying, "Dear God, make me a better girl every day." When she had finished, her mother asked, "Don't you try to be a better girl every day than you have been the day before?" and the quick response was, "Oh, yes, Mama! Every day I go better and better, until I am just as good as I can be and then I begin all over again." — Mrs. H. E. Rochester, N. Y.

This summer I made friends with a four-year-old girl on the train. I asked her to tell me her name, and heard, distinctly, only "Elizabeth." When I asked her what her last name was, she replied, "I'm not married yet—so I don't know my last name." — Mrs. E. H. E. Haden, Conn.

BETTER LATE THAN NEVER

Nearly two years ago, while the office was in Tallahassee at the legislature, there came into this office some manuscript written by pupils in the Belle Glade school. The editor did not get it until it was too late to print it, but it was so good that it was put in type, to be printed in the paper when a complete story was had. The paper of type was stored away, out of sight and forgotten until recently, when they were encountered. The story of the editor of the articles still is lacking, but probably they speak for themselves, and so here they are:

A Health Story.

How to keep healthy and help others to be healthy.

We can keep others to keep up their health by keeping the ground clean and dry. We can keep others to keep up their health by keeping the ground clean and dry.

We can keep others to keep up their health by keeping the ground clean and dry. We can keep others to keep up their health by keeping the ground clean and dry.

We can keep others to keep up their health by keeping the ground clean and dry. We can keep others to keep up their health by keeping the ground clean and dry.

We can keep others to keep up their health by keeping the ground clean and dry. We can keep others to keep up their health by keeping the ground clean and dry.

We can keep others to keep up their health by keeping the ground clean and dry. We can keep others to keep up their health by keeping the ground clean and dry.

We can keep others to keep up their health by keeping the ground clean and dry. We can keep others to keep up their health by keeping the ground clean and dry.

We can keep others to keep up their health by keeping the ground clean and dry. We can keep others to keep up their health by keeping the ground clean and dry.

We can keep others to keep up their health by keeping the ground clean and dry. We can keep others to keep up their health by keeping the ground clean and dry.

We can keep others to keep up their health by keeping the ground clean and dry. We can keep others to keep up their health by keeping the ground clean and dry.

We can keep others to keep up their health by keeping the ground clean and dry. We can keep others to keep up their health by keeping the ground clean and dry.

We can keep others to keep up their health by keeping the ground clean and dry. We can keep others to keep up their health by keeping the ground clean and dry.

We can keep others to keep up their health by keeping the ground clean and dry. We can keep others to keep up their health by keeping the ground clean and dry.

## FIRST BAPTIST CHURCH

PAHOKEE

Sunday school (all ages), 9:45 a. m.

Morning service, an Easter sermon by pastor, 11 a. m.

B. Y. P. U. service, 7 p. m. Evening service, 8 p. m.

Notice the change in time of the evening service from 7:30 to 8 p. m. There will be no sermon at the 7:30 service. The entire hour will be given over to the choir, which will present an Easter

musical program. The choir will be under the direction of Russell Davis.

OSTER SUPPER

The Booster Club of the Baptist Sunday school will sponsor a food sale in Pahokee Saturday.

Ladies will find home-made pies, cakes, salads, etc. for their Easter dinner. Dinner on Saturday night, between 5:30 and 10 p. m., they will sponsor an oyster supper at the Woman's Club. They promise a good oyster supper for 25 cents.

PAHOKEE SECTION OF PALM BEACH COUNTY IS OFFERED

This property lies on the Lake and main paved highway between Canal Point and Pahokee. A very desirable location. Approximately thirteen acres of finest muck and over two and one-quarter acres on ridge and Lake front. Muck in cultivation, store building and dwelling covering only small portion of ridge property bringing \$75.00 per month rent and has been rented for several years. There are some other improvements. Due to lake protection, the farm land is as near frostproof as can be found in the Glades. When the federal government starts million dollars already appropriated this property will double in value.

## NEW FORD CONVERTIBLE CABRIOLET

Cool weather emphasizes the value of the Ford car's simplicity of design and its dependable performance under all conditions. There is an enduring quality, too, in its exterior finish. The prexylin finish is not affected by cold, or the usual ravages of snow or water. The Roadster Steel under the radiator shell and other exterior parts is an additional assurance of permanent beauty.

Let us help you plan your cover crop. We carry a good stock of Composts, Velvets, Beans, Soy Beans and a Limited Supply of Crutalaria.

Meet us at Everglades Fair at Belle Glade, April 1st to 5th inclusive.

## FRIGIDAIRE

1. All porcelain inside and out. A beautiful gleaming white that will go with any color scheme.

2. Cold Control. To regulate the speed for freezing salads and desserts.

3. Chromed Fittings. Will not corrode nor tarnish. A flannel cloth only polish.

4. Non-Catching Shelf Bars. Shelf bars run from front to back, a sliding side in and out easily.

5. Twin Cylinder Compressor. Recovers power for any emergency—quiet and STAYS quiet.

6. Economical. Foods are preserved longer... produce may be purchased in quantities.

7. Service Shelf Top. The top is cleared for action—a convenient place for service.

8. More Ice Cubes. The extra supply of ice so necessary for entertaining.

9. Quickfree Tray. A rubber tray from which the ice cubes "tumble" without effort.

10. Acid Resisting Porcelain Inside. Round corners and main reinforcing surface make it easy to clean.

11. Hydrator. Keeps vegetables fresh... refreshes them when wilted.

12. Mounted on Legs. A broom sweeps under with ease.

FRIGIDAIRE DEPENDABILITY

Backed by a Three Year Service Guarantee on both the Compressor and Cabinet.

For a direct time only we offer you the unusually convenient; terms of 10% down and the balance over 18 months on your electric service bill. See it... Compare this new Frigidaire with any other home refrigeration equipment... and BUY NOW.

### SCHOOL NEWS

**Marcel Elliott.**  
Gethse Smith spent Tuesday in West Palm Beach.

**Vernette Stuckey and Virginia Hoehns** spent Tuesday in Miami.

**Marjorie Cochran** was a visitor in West Palm Beach Sunday.

**Imogene Sanders** was absent from school several days last week because of the illness of her mother.

**Jewel Vison** has been out of school for the past week because of illness.

**Ruby Crocker** is back in school again after a very severe case of German measles.

**Ruth Simmons, Iva and Carolyn Mock** and **Gethse Smith** spent Sunday in West Palm Beach.

The play, "The College Hobo," put on by the dramatic club Friday night and directed by Rev. J. P. Rodgers was very successful. Presenting a full house. The cast was selected with excellent judgment, for the parts played by the actors perfectly.

**JUNIOR-SENIOR BANQUET**  
The date for the Junior-Senior banquet has been set for April 17. No definite plans have been made, but a committee has been appointed to make all arrangements.

**BASKETBALL PRACTICE**  
The boys started basketball practice Monday afternoon. Quite a number of boys are coming out for basketball and we hope to have a real good team.

**F. A. BASKETBALL TOURNAMENT**  
The Agriculture boys of Pahokee high school are planning on entering the F. A. basketball tournament in Miami in a few weeks. They are to begin practice right away. If they win in this tournament, they will enter the Gainesville tournament this summer. We all hope they will be successful.

**SCIENCE NIBBLES**  
The ninth grade class in general science has been studying electricity. Verne Blosa, a student from South Bay, made a working model of a motor and brought it to the lab. The model is complete with field magnets, electromagnets, brushes and a split ring commutator. It runs on the current from a dry cell.

**R. Miller** made an electrocopic test, plus and minus charges.

The junior and senior science students are equally as interested. Joe Helms and William Powell are making a radio set. William has already made a short wave set.

The zoology class is making a bird collection. They are great imitators to S. A. Barfield for mounting the birds. We have some specimens already mounted. One we are especially proud of. One is a "redstart." This bird was killed by Earl Pickens. It had been bandied by the United States Biological Survey. They were tracing the migrations of this particular group of birds.

Valton Bragg brought an owl up to the lab—one he found in the muck. The owl was attached to her body. By means of an experiment we tried hatching them. In a few days there were many of baby owls in the aquarium, of from one inch to an inch and a half in length.

In the science department we plan to get as many specimens for our school museum as possible this year, and use this as a nucleus for a larger and better school museum in the future.

In the science laboratory, Hub Spooner working quietly. There is no such competition in play with her Sunday.

**"WZ WONDER WHY"**  
Some pupils decided not to pick Mary Baker quit wearing her teeth watch all of a sudden.

**Stewart** didn't kiss Elizabeth in the play the other night.

**Iva** thinks she's "big enough" to go around with Pete.

There is so much competition in ticket selling for a "blimp ride."

**Anne Marie** sends so many Western Union telegrams.

**T. A. and Edith** don't leave off their "teeth fight" in school.

We had a written lesson in English the other day.

**Mary Carter** nearly choked the other day.

### HONOR STUDENTS

The honor students of the Canal Point school were awarded prizes at last Friday's chapel program. In charge of the chapel was Mr. Rodgers, who awarded the first prize to **Cara**, first runner-up, **Edith** for the last two weeks periods. To Lois Taylor went the second prize, with an average of 92.2. Other pupils listed for honorable mention were **Barbara** with 92.2, **Edith** with 92.2, **Edith** with 92.2, **Myrtle Willis**, 92.2, **George** 90.4.

**J. L. Starr**, Jeweler of Pahokee, furnishes the prizes for the Canal Point school.

### EAT MORE CITRUS

Being in process of establishing a considerable production of citrus from groves at Port Mayaca, the Mayaca Company has had the word "Eat More Citrus" printed in red ink on the flaps of the envelopes that are used in commercial correspondence.

### CANE HARVESTERS RUNNING

Cane harvesters that were used on land north of the canal at Canal Point finished the work allotted to them there and have been returned to fields east and south of town. A harvester that had not before been in use has been rigged up and is running. This machine was held for a time to use parts from it on other machines.

### BOY SCOUT AFFAIRS

The first scout court of the Everglades District of the Palm Beach County Council of Boy Scouts of America was held at 8 o'clock, March 19, at the Pahokee Scout house. The court was presided over by Scout Executive F. C. McKenzie, with D. C. Denton serving as the temporary chairman, and L. L. Stuckey, Scoutmaster. Joe Telle and N. J. Chaffer forming the court.

From troop 23, Pahokee, Ed Thompson, Hub Spooner, John Padgett, Dick Padgett, Laurie Gates and Roscoe Denton were passed to second class Scouts.

From troop 24, Canal Point, Dick Watkins, Harold Taylor, J. A. Fultz, Jr., and Walter Milliken were made second class Scouts.

Joe Heim, Scout first class, of Pahokee troop 23, passed following merit badge tests: Public health, bird study, personal health, handwriting, swimming, athletics, carpentry and handicraft. He qualified as star scout.

Pahokee troop 23, passed following merit badge tests: Public health, bird study, personal health, handwriting, swimming, athletics, carpentry and handicraft. He qualified as star scout.

After a short and inspiring address to the Scouts, they were dismissed and an impromptu session of the court was held in which plans were adopted for establishing a permanent organization of the Everglades honor court. The meeting of the personnel was called by newspaper articles and radio conversations for Thursday evening, March 26.

W. C. Denton, temporary chairman, called the session to order with the H. V. Mann and Andy Miller, George Kingley and J. S. Hamilton, representing troop 23, and L. L. Stuckey and Rev. Joe Telle, scoutmaster of troop 24, representing the court.

The third Thursday of each month was selected as the regular date of subsequent meetings of the court and the meetings will be held alternately in the community hall.

The next Everglades honor court will be held at the Canal Point school auditorium.

New charters and commissions for the Pahokee and Canal Point troops were delivered by Scout Executive McKenzie.

**H. J. CHAFFER**, (Acting) Honor Court Secretary.

### SCOUT MEETING

The last Scout meeting of Troop 24 at Canal Point was held March 24 at the Scout house. Mr. Cox gave the opening prayer and the Scouts practiced on some songs. Those present were Dick Peyer, Junior Pultz, Richard Watkins, Walter Denton, Ed Thompson, Dan B. Geiger, Walter Milliken, M. Carter and J. B. Cox, assistant Scoutmaster and Scoutmaster H. J. Chaffer.

The next meeting will be held April 7 at 7:30 p. m. at the Scout house.

**CANAL POINT M. E. CHURCH**  
Special services in keeping with Easter will be conducted Sunday. Special music is planned. The topic for 11 a. m. is "He Is Risen," taken from the 16th chapter of Mark. Sunday school 9:45 a. m.

Evening preaching services, 8 p. m., scripture, Mark, 6:1-13. All are welcome and urged to attend. We all should make a special effort to attend services on Easter. Let's make this our starting point for a more consistent serving of the Lord.

**R. E. STARS**, Pastor.

### CANAL POINT

County road department forces this week placed rock on the canal bank near the bridge to stop the caving of the bank that was caused by the wind's action on the lake waters. Rock was obtained from near Port Mayaca. With the rock, temporary channel, and L. L. Stuckey, Scoutmaster, Joe Telle and N. J. Chaffer forming the court.

Several cars carrying West Palm Beach people came by way of Canal Point yesterday on the way to the Bolls Glade.

A solicitor for funds for the Vegetable Growers Tariff Protective Association yesterday called on shippers here and at Pahokee.

L. G. Williams was picking beans yesterday on land east of the tomatoe.

### COMMUNITY GOSSIP

Some argument is going on throughout the nation on the question whether you shall try to save the money or whether you shall spend it as fast as you get it, and the argument has penetrated into the most remote countryside.

As for cream carton makes an excellent mold for ice-cream cookies. Press the mixture in firmly and put on the cover. Then, when washed, just tear away the cardboard and you have a perfectly shaped cylinder all ready to be filled.

### P. T. A. MEETING

The Parent-Teachers Association will meet next Monday evening at 8 o'clock at the school auditorium. The newly elected officers will be in charge: Mrs. Lou Adams, president; Mrs. C. C. Vance, secretary-treasurer. Parents are urged to be present to help the pupils win the honor banner. Refreshments will be served.

Ladies' Aid will meet with Mrs. Santee, ex. Tuesday for all day meeting.

### NOTICE OF MEETING OF LAKE SUB-DRAINAGE DISTRICT.

A Canal Point man put the notice in this definite form: "What is the use of having any money, say \$500, if you can't get it? The price goes down below what you paid, and if you put your money in a bank, the bank may fail. If you invest in land you are tied down to it or it loses you money."

George Archambault, bookkeeper at the Canal Point garage, sent as a messenger for a lady friend and handed in an item that sounds interesting although it seems too personal to warrant use of the names that are given in the item. The item is printed herewith in quotation marks but is not fiction.

"Theodore Blubbs" is given instead of the name that was written in the item that George Blubbs of Canal Point. She says she is off of carrying for a while. The phrase "for a while" is good.

Jack Hanlon is growing Italian squash, and Pat Carroll can't get a green squash. Anybody who is growing Irish squash, any.

"God help the poor sailor on a night like this!" is a line from old-fashioned melodrama. When the wind was blowing a gale, the day Bob Baker, purveyor of "God help the poor bean-grower on a night like this!"

The world outside of the upper leaves of it, but people can get along without movie and talkie picture shows. From Port Mayaca, just over the line in another county, clear around the lake to the west line of our county, an area embracing two incorporated towns and several communities and with a population of 10,000 or 12,000, there is no moving picture house, which is something unusual, even remarkable.

### Hints for Homemakers

By Jane Rogers

**ORANGE JUICE** as a substitute for vinegar will give a new and deliciously pleasant flavor to French dressing. Select the thick-skinned yellow oranges when, as here, the amount of juice is the first consideration. These are always the better.

An ice cream carton makes an excellent mold for ice-cream cookies. Press the mixture in firmly and put on the cover. Then, when washed, just tear away the cardboard and you have a perfectly shaped cylinder all ready to be filled.

**P. T. A. MEETING**

### CHEVROLET FINDS BIG TRUCK DEMAND

Increases in Chevrolet Motor Company truck schedules by which output of some models has been doubled is made necessary by orders being received, H. J. Klingler, vice president and general sales manager announced.

There has been a steady upward trend in our truck business since the first of the year. Mr. Klingler declared this week. "Both in January and February we were compelled to increase production beyond that planned. In March, output was moved up twice to take care of demand. April indications are for continuance of this activity."

"We interpret this large and increasing buying of trucks as economically significant. Increases in truck demand point a better picture of improving business conditions than do similar increases in passenger car sales. Truck purchases are a capital investment in the business man and are made only when justified by profitable possibilities or expanding business. Our records show these purchases are from all sections of the country, by a great variety of businesses and in numbers from individual units up to fleet quantities."

Chevrolet's truck manufacturing activities now are nationwide. The motor and chassis are built in the company's various plants. The bodies are produced in the main truck body plant at Indianapolis and shipped in sections to 52 branch plants in 32 many key cities across the country for assembling and mounting. This method, inaugurated last fall, has added several thousand to Chevrolet's payroll and has permitted the company to expand its commercial car division to the point where it now produces 19 models on three wheelbases.
